1.3 Authorized Use Permission

Lifecare provides you with access to a variety of resources on this website (“Web Site”), including documentation and other product information (collectively the “Documentation”), communication forums, and other services (collectively "Services"), software, including developer tools and sample code (collectively “Software”), and Application Program Interface information (“APIs”). The Documentation, Services, Software, and APIs (including any updates, enhancements, new features, and/or the addition of any new Web properties to the Web Site), are subject to the following Terms of Use ("TOU"), unless we have provided those items to you under more specific terms, in which case, those more specific terms will apply to the relevant item.

1.4 Points of Contact

1.4.1 Information

The points of organizational contact (POCs) that may be needed by the document user for informational and troubleshooting purposes are currently not available.

1.4.2 Coordination

The list of organizations that require coordination between the project and its specific support function (e.g., installation coordination, security, etc.) are currently not available.

1.4.3 Help Desk

Help desk information including responsible personnel phone numbers for emergency assistance is currently not available.

1.5 Acronyms and Abbreviations

Wiki: Wikipedia
App: Application

B. SYSTEM SUMMARY

2.1 System Configuration

Operating System:

- Windows 7, Windows 8 or Windows 10
- Mac OSX 10.8, 10.9, 10.10 or 10.11
- Android 4.0+ • iOS 9+

Hardware:

- Processor (CPU) with 1.8 gigahertz (GHz) frequency or above
- A minimum of 1 GB of RAM
- Monitor Resolution 1024 X 768 or higher
- Internet Connection Broadband (high-speed) Internet connection
- Keyboard and a Mouse or some other compatible pointing device

Browsers:

- Chrome* 36+
- Edge* 20+
- Mozilla Firefox 31+
- Internet Explorer 11+ (Windows only)
- Safari 6+ (MacOS only)

2.2 Data Flows

Users input text by using a keyboard, which has a dedicated key for inserting emoticons. Spell checking and word prediction are supported, and users may change a word after it has been typed by tapping the word; similar words that may have been the word the user was trying to type will then be suggested as alternatives.

2.3 User Access Levels

The Primary authorized user may be able to add and modify data and information.

C. GETTING STARTED

3.1 Logging On

A user ID and password is required to log onto web interface.

3.2 System Menu

3.2.1 Covid Tracking

A user can track the covid data and also the covid vaccine data of different countries by tapping the covid link .

3.2.2 Book appointment

In this section patient can consult on video and get appointment of doctor .

3.3 Changing User ID and Password

- Sign in to the Web Interface.
- Click Settings at the top of the main page, and open the Accounts and Import tab.
- Click on Account settings.
- In the new window, click Change password under the Personal information option.
- Enter your current password and your new password.

3.4 Exit

System Click on Logout.

D. USING THE SYSTEM (ONLINE)

This is an online health portal where user can consult to doctor virtually and book his/her appointment.

4.1 Algorithm

A system that takes information from the user and keep the record for particular health condition such as Depression, Diabetes, Thyroid, Cardiac problems and give information about ongoing diseases and consult the doctor virtually or book an appointment.

4.1.1 Consult Doctor Virtually

In this section you can consult to doctor about the health issues virtually. We had a video calling platform through which you can talk to the doctor or if you want to book an appointment for any particular doctor hospital you can easily book the appointment.

4.2 Special Instructions for Error Correction

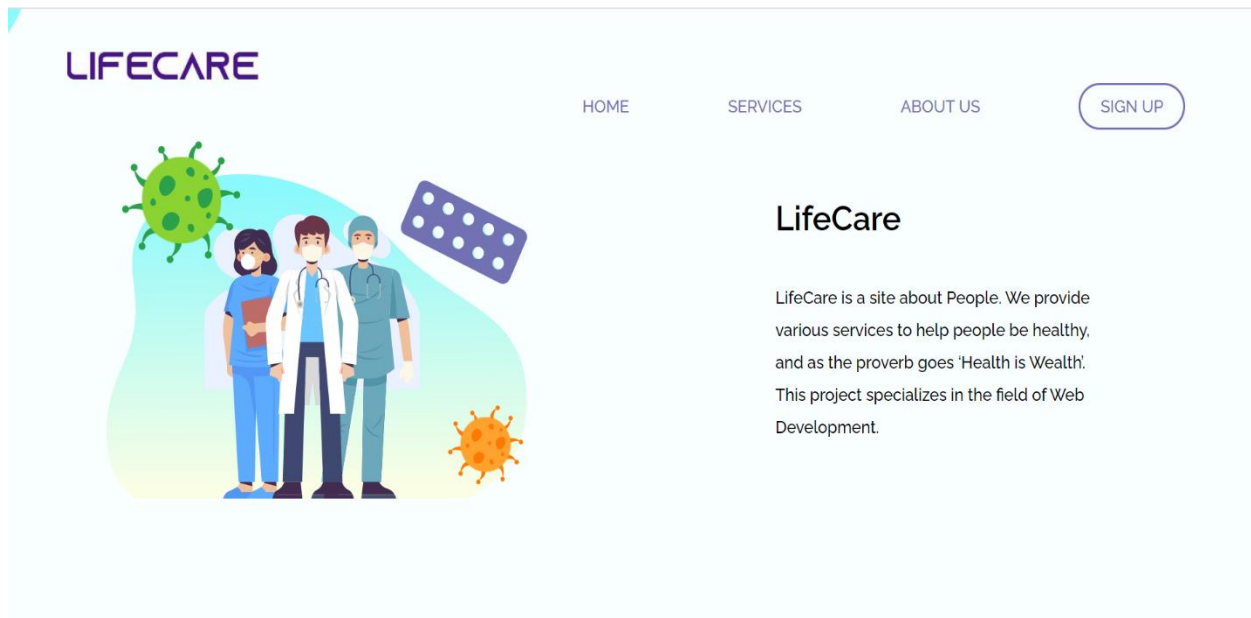

As a condition of your use of the Services, you will not use the Services for any purpose that is unlawful or prohibited by these terms, conditions, and notices. You may not use the Services in any manner that could damage, disable, overburden, or the network(s) connected to any Microsoft server, or interfere with any other party use and enjoyment of any Services. You may not attempt to gain unauthorized access to any Services, other accounts, computer systems or networks connected to any server or to any of the Services, through hacking, password mining or any other means. You may not obtain or attempt to obtain any materials or information through any means not intentionally made available through the Services.

4.3 Caveats and Exceptions

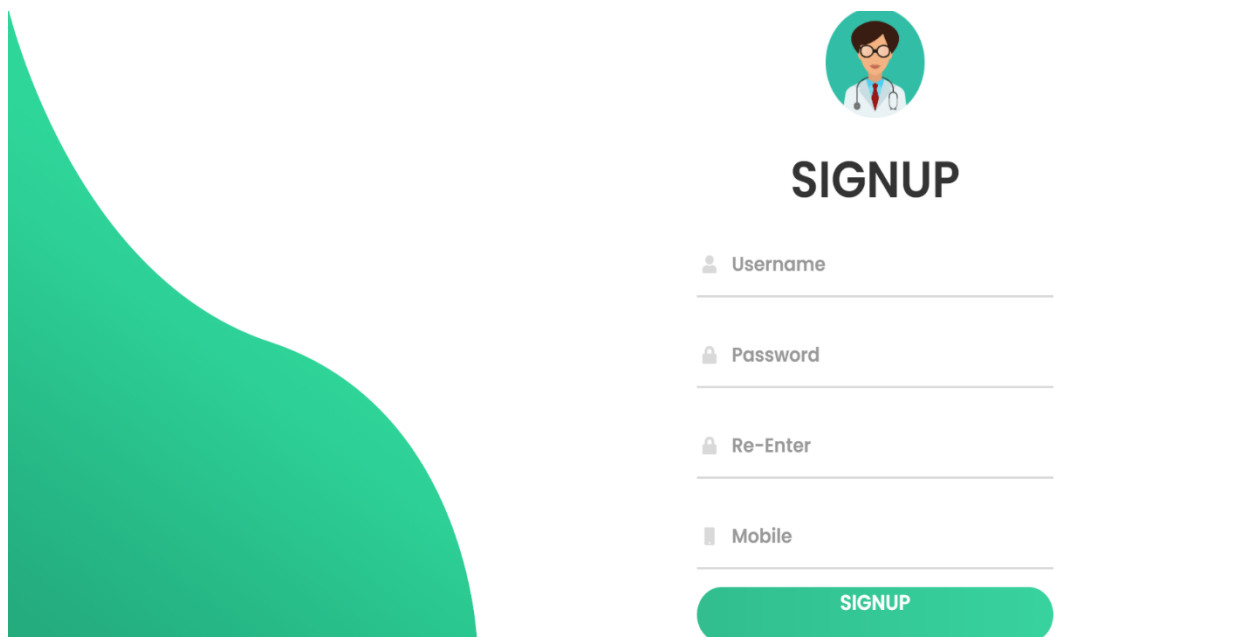

The services that Lifecare provide are not the permanent solution for any problem. It does not guarantee for the correctness of result. The system is sourly based on the information gained through researched data. A user must consult to a doctor for actual medication and treatment.
